

RIDE THE TOP OF THE WORLD

BEST OF NEPAL – 7 DAYS

The best ride across Nepal's charming and diversified landmarks

A week-long biking trip taking you to some of Nepal's wonderful landmarks that cater contrasting aspects of Nepalese tourism, the "Best of Nepal Biking Trip" is a wonderful way to see Nepal.

The trip begins with an exhilarating ride to Sauraha along the Prithivi Highway that offers numerous twists and turns, riding above the raging Himalayan rivers throughout the day. Explore the cultural and wild aspects at Sauraha on a relatively comfortable road that stretches to Lumbini. The birthplace of Gautama Buddha offers utter peace. Then once again ride the curves of the famed Siddhartha Highway. A day break to explore Tansen, an ancient town on a short deviation from the highway is also a major highlight of the trip. Continuing to cruise along the serpentine highway, the journey then arrives a Lake Town Pokhara. Explore the naturally blessed city and take the opportunity to float in the skies, greeting Himalayan giants Annapurna and Dhaulagiri, during a para-gliding session in Pokhara. The final day of the trip is on the Prithivi Highway that offers a mild adrenaline rush along the mountainous Nepalese Highway.
